Diller-Odell Public School Technology Signature Form

Laptop Handbook Agreement - Please INITIAL the statement below:

A \$40.00 rental fee will be required before laptop checkout in order for students to have at home access to the device. This money will go into a pool to pay for repairs. While we don't anticipate any student being financially burdened by any costs associated with this initiative, we reserve the right to charge more for intentional or malicious damage or theft. The school will cover the cost of ONE accidental breakage. *In the event of a macbook breakage (grades 9-12), parents will be notified that a breakage and repair has occurred. At that time, the parents can choose to allow their student to continue to use the repaired device with the understanding that should a second breakage occur, the student/family will be responsible for the cost to repair. Or, the parents can elect to have the student use a chromebook for the remainder of the year, which costs less to repair, if needed.*

I give permission to my child to bring the Laptop assigned to him/her home each day. I agree to take full responsibility for supervising my child's use of the Laptop while he/she has it at home.
